Customer Reviews

Cary Schmidt serves as an associate pastor at Lancaster Baptist Church. He leads the student ministries and oversees the media and publications ministries of the church. His other books include Discover Your Destiny and Hook Line and Sinker.

This is a great book if you have any questions about music! I love books from Striving Together because you don't have to worry about what version of the Bible they are using! Whenever I need a book to encourage my walk or a friend, I look at Striving Together first because I trust them! This book helped clear up a lot of questions that I may have had about music, including what is wrong with the new music of today and also what the real reason for listening to music is! I encourage you to buy this book if you have any question about your music or even if you find yourself not liking any kind of music! God created music, but Satan is using it to harm us! Music will always change a person! Loved the book! Thank you for having the faith and courage to stand up for what is right in a world that is so wrong! Praying for you guys!

I'd recommend this book to the new and aged Christian. For the new Christian it gives great parameters that God honoring music should land in. And for the aged Christian is help in understanding how influential music can really be in a young person's life.

A wonderful book that clearly shows from the bible how music influences our lives. Challenging, and thought provoking this book will make you think of the power music exerts over not only yourself, but also those around you.

Pastor Schmidt does a good job summarizing the effects of music on people's emotions and how it guides people to think/feel a certain way (i.e. the heart). My favorite part would be his scripture references for the guiding principles about what kind of music we allow ourselves to meditate on.

A short but insightful book. Cary uses Biblical accounts and testimony as to the power, both good and bad of music. His love and sensitivity to this topic is appreciated and his message is written in a loving way.

Not any "there" there. The author appears to have written this book simply to write a book. The title is misleading based on the content.

This may be a small volume, but one that packs a large punch. It has been carefully and thoughtfully written by a serious student of Christian hymnody.

I chose this book because someone told me that I should read it. I like it and recommend that every Christian should read this book.
