Glannon Guide To Civil Procedure: Learning Civil Procedure Through Multiple-Choice Questions And Analysis, Third Edition (Glannon Guides)

Synopsis

The proven Glannon Guide is a user-friendly study aid to use throughout the semester as a great supplement to (or substitute for) classroom lecture. Topics are broken down into manageable pieces and are explained in a conversational tone. Chapters are interspersed with hypotheticals like those posed in the classroom that include analysis of answers to ensure thorough understanding. Additionally, The Closer questions pose sophisticated hypotheticals at the end of each chapter to present cumulative review of earlier topics. More like classroom experiences, the Glannon Guide provides you with straightforward explanations of complex legal concepts, often in a humorous style that makes the material stick. The user-friendly Glannon Guide is your proven partner throughout the semester when you need a supplement to (or substitute for) classroom lecture. The material is broken into small, manageable pieces to help you master concepts. Multiple-choice questions are interspersed throughout each chapter (not lumped at the end) to mirror the flow of a classroom lecture. Correct and incorrect answers are carefully explained; you learn why they do or do not work. You can rely on authority; the series was created by Joseph W. Glannon Harvard-educated, best-selling author of, among other legal texts, Examples and Explanations; Civil Procedure, now in its sixth edition. The Closer poses a sophisticated problem question at the end of each chapter to test your comprehension. A final Closing Closer provides you practice opportunity as well as a cumulative review of all the concepts from earlier chapters. You can check your understanding each step of the way. More like classroom experiences, these Guides provide straightforward explanations of complex legal concepts, often in a humorous style that makes the material stick.

Book Information

Series: Glannon Guides

Paperback: 560 pages

Publisher: Aspen Publishers; 3rd ed. edition (July 12, 2013)

Language: English

ISBN-10: 1454827467

ISBN-13: 978-1454827467

Product Dimensions: 7 x 1.3 x 10 inches

Shipping Weight: 2.6 pounds (View shipping rates and policies)

Best Sellers Rank: #31,423 in Books (See Top 100 in Books) #25 in Books > Law > Rules & Procedures > Civil Procedure #331 in Books > Textbooks > Law

Customer Reviews

Keeping this book for bar prep! The reason I got a B in Civ Pro I and an A in Civ Pro II!

The explanations for the correct answers as well as the incorrect are very helpful in understanding the topics. It's also good that the format follows the examples given in the text.

This book is the best for understanding civ pro concepts. I finished law school in 2009 and have not been able to focus on taking the bar due to life issues, etc. Now as I prepare for July 2016, this book is invaluable! Especially since when I was in Law school, civ pro was not being tested on the MBE...now it is, so I needed books to help me prep for the MBE portion. This book is so awesome, I ordered numerous other glannon guides! Not disappointed with any of them!

If I could give this zero stars, I would. I thought my professor made civil procedure confusing and this is even more unclear than his class was. The questions that are supposed to help you understand that material are poorly drafted and some of the answers are even worse. If my exam wasn't in a week, I would try ordering a different supplement because this one certainly is not helping me prepare for my exam.

Civil Procedure is such a hard class, and I realized that I needed to look for some other form to learn the material. I was recommended this book from a professor, and after I started using it, I realized just how helpful and inciteful this book was. It took a year's worth of material, and made it to where I could understand it easily. Overall, working through the book, it took about three weeks. One of the best things about this book, was that it offers questions as you go through the material to help you reinforce what you are currently reading about. This really helped me learn the material. After purchasing this book, I started purchasing the Glannon's Guides to every class I have been taking.

Love this book. It isn't a hornbook. So, if you're looking for one - keep looking. What it is though, is a simple and concise breakdown of the black letter law combined with questions that test your knowledge on the concepts. I used it right before finals and it really helped me solidify my understanding of the topic. I definitely recommend this book for anyone who likes hypos/fact patterns to practice with. I will be purchasing this series for all other available courses going forward.

Excellent supplement for putting your knowledge of Civil Procedure to the test. I would not recommend this if you don't already have a good grasp on Civ Pro; great for review and solidifying knowledge before exams. Would definitely recommend and glad I purchased.

Am taking the bar in a state that does not offer reciprocity after having passed the bar 30 years ago. Am taking an online bar review course that I am very pleased with overall. However, the printed materials set forth a lot of rules but don't give another explanation to really get a gut feel understanding of the topic. Chanced across this series and they are the best. If I had to do it all over again, I could probably have passed the mbe by just working through this book along with the relevant "Examples" books. What is key here is that they don't just give explanations to questions but the book teaches the reasoning process so that you can answer questions when they come up on the exam (even if only practice for now!).
