Customer Reviews

Tons of relevant information. However, I wish it had end of chapter test review rather than three at the end of the book.

Really good book if you are preparing for Medical Assistant Certification Exam. This book contains 4 Pretests 100 questions each with answers. I ordered used book but still it's very neat and clean.

Excellent

It was what I needed for my studies! Loved it! Helped me a lot for what I needed to study!

The practice tests were a blast for my Mrs. She worked through them, reviewed the material she wasn't hot on, and passed her certification test, the first go around.

Very helpful .
