In addition to traditional grammatical exercises that are appropriate this level, there are paragraphs that contain mistakes to be corrected. These are probably my favorite type of exercises to share with my students, mainly because they are relatively unusual and hard to find. The thematic organization is easy and clear.

More writing in the book than expected

Great ! Thanks !

I was very disappointed. For the money I payed, the book should be in a better condition. Lucy Long

Breaking the Spanish Barrier was in perfect condition both inside and out. I am very happy with the product.Product was as described.

I used this book two years to teach Spanish 4 and 5 and it is good in that it is all about Grammar, so you are free to chose what you want to teach and in what context. The problem is that it is too detailed on its explanations of grammar, so it can be difficult for the students.
