Bicycle Stunt Riding!: Catch Air (Extreme Sports Collection)

Synopsis

Accelerated Reader is a program based on the fact that students become more motivated to read if they are tested on the content of the books they have read and are rewarded for correct answers. Students read each book, individually take the test on the computer, and receive gratification when they score well. Schools using the Accelerated Reader program have seen a significant increase in reading among their students. These new middle school titles are a valuable addition to any library.

Customer Reviews

"The boys in my library have been reading this series during their study halls and their response has been overwhelming . . . written in a conversational tone full of helpful, interesting information. There are plenty of other books on these subjects, but they lack the hip layout of text and photography that first draws the readers to this collection. . . . Should be a hit in any middle school library. HIGHLY RECOMMENDED!" --This text refers to the Paperback edition.
