Stan and Jan Berenstain were already successful cartoonists for magazines and adult humor books when they began writing children's books. The first story starring the bear family, *The Big Honey Hunt*, appeared in 1962. Since then, more than 370 Berenstain Bears books have been published, and more than 300 million copies have been sold. What began as an idea sparked by their young sons' love of reading has become over the years arguably the best-selling children's book series ever. Since their inception, the Berenstain Bears stories have expanded to include picture books, beginning readers, and chapter books--even a hit TV show on PBS. Writing and illustrating the books has become a Berenstain family affair. Mike joined with his parents as a creative team in the late 1980s. The Bear family has expanded over the years as well. Sister Bear arrived in 1974, and baby Honey joined the family in 2000. Though Stan died in 2005 and Jan in 2012, Mike continues to create the delightful Berenstain Bear adventures from his studio in

2 year old grandson loves it and 6 year old granddaughter loves reading it to him!

my son loves any kind of vehicle. This book was great for the pictures but I was a little disappointed in the actual story. But with him being so young, we mostly talk about what we see on each page instead. And for the low price, it was still worth buying for Christmas.

Great book! My son learning to read loves it.

My sons loves trucks and he loves this book!

My grandson, who is four, loves the Berenstain Bears I Can Read! level 1 books. I have purchased several of the books in this series for him every month and he enjoyed We Love Trucks as much as the others. He can't read these books yet, but enjoys retelling the stories.

Great price works as advertised.

Product arrived in tact. The reading material seemed a little too hard for the suggested age range.

The original Berenstien Bears books are MUCH better.

Great for kids that love trucks.
