Customer Reviews

Very nice book for someone like me just beginning to learn about roses and the care of roses.

This Ortho book explained everything I wanted to know about roses. I had just gotten a rose from Jackson & Perkins in the autumn (I thought I was going to get it in the spring so I was very surprised) with a couple of roses on it and roots. After I got the book, I did exactly what it stated plus the fact that J&P said to leave it outside for three days in the shade for acclimation. It now has a polystyrene cover for the winter plus mulch. Since I live in Michigan I am anxious to see what it looks like in March/April before/after pruning.

The book was delivered very quickly after ordering and it is truly the "Rose Bible"!!

nice

This was a gift book. Perfect for occasion.

A good choice

Great book with lots of advice. Exceptional price and worth every penny.

Love this book, so many pictures and illustrations on top of important information, worth every penny-wish I bought it a long time ago.
