# Crystal Grids: How To Combine & Focus Crystal Energies To Enhance Your Life

## Synopsis

Crystal grids are effective for transforming your life in a dazzling array of powerful and practical ways. Whether you desire to find love, attract wealth, bless your home, overcome anxiety, or clear negative energy, the crystal grids in this book will help you achieve your goals. With simple instructions and comprehensive insights, Crystal Grids shows you how to choose the best crystals for your purpose, select a grid shape that will enhance your intention, clear and position the stones, and activate the grid. Discover how you can use crystal energy for improved health, wealth, relationships, and a better life. This book also includes twenty-nine expertly designed grids that you can use immediately to reinforce and magnify the power of your crystals.

## Customer Reviews

I'm brand new to grids and I originally ordered Hibiscus Moon's Crystal Grids: How and Why They Work but plan on returning it for this book Crystal Grids by Henry Mason because for the basically the same price there is a lot more info and layouts to choose from- probably more than I'll need. It's not that you couldn't set up a grid with Hibiscus Moons book- you definitely can and it's pretty straight forward in approach, but I like having more than I need when it comes to a new subject I am

unfamiliar with and Mason's book fills that need. I just did a cursory read thru of Mason's book in B&N and decided to order from saving 6\$. There's a lot of info Mason has packed in here and it's great for newbies like me and I suspect even a pro can find something here. Not only does he go into depth about how to set up the grid and which grid to choose but there are also grid stories/case studies. Very detailed and informative book! I'll update the review once I've examined it in more depth and tried a layout.

I love this book. Explains the purpose of all the stones in the grid and where they should go. All the grid designs. It's just a good book

Great book, perfect for the growing library!

love it, thank you

Was a gift..don't know how much they liked it.

AWSOME

Great book. I'm very pleased with this purchase. The purpose/meaning/descriptions are a bit repetitive but clear. This book includes 29 grids to use after reading on how to use them properly. I'm very into crystals ;) - I think this is a good book for those interested in expanding their crystal's energy uses. About the "list of required crystals" for the grids provided: if you know anything about crystals, you do not need to follow the grids exactly - some ppl are going to find better purpose and energy in certain crystals over others... Just keep that in mind. Light and love in your journey :)

great book
