Sophia's Dilemma: A New Zealand Mystery Romance (Troubled Book 2)

Synopsis

Awarded a five star review by Readers' Favorite. For Sophia, life is a mundane, teenage existence, except for her hot, bad-boy boyfriend, Dane McArdle. Along with all that brooding hotness comes a drug-addicted mother and a violent stepfather. When a body is discovered in his former home and Dane's arrested, Sophia knows she must do everything possible to help Dane; until she overhears a conversation which shatters all her dreams of a happy ending. The fragile trust she placed in him is smashed in an instant and she's left with a terrible dilemma. Will Sophia risk her own heart and help Dane, or face watching him lose everything?

Customer Reviews

This novel continues the story of Sophia Armitage, the Year 12 girl who goes to the worst school in Hamilton. Her home life is still bad but the bright point in her life is her boyfriend, Dane. During the novel, two accusations are levelled at Dane and sadly one of them is caused by something Sophia does. She has big decisions to make, which will impact both of the teenagers. I enjoyed this novel, it

is well written and deals realistically with the issues surrounding teenagers today. I found it a really relaxing read, with some hard hitting points that made me think. I am fascinated by this author and eagerly wait for whatever she brings out next. I rate this novel a solid 9.8/10, definitely worth a read.

Sophia and Dane are back. A major misunderstanding, problems with friendships, and issues with family add to the drama of the story. K. T. Bowes' Sophia's Dilemma is the sequel to Free from the Tracks and the second book in her Teen Mayhem series. Ms. Bowes is also the author of the Du Rose series. While I enjoy all of her work, Demons on Her Shoulder remains my personal favorite.

Great read. Different but very exciting.

Another hit!

Sophia's is one hell of a dilemma - one kind deed could get her, and those close to her, killed. I loved this book as much as the first in the series, Free From the Tracks. This book delves deeper into Dane's family life and includes insight into Sophia's dad's situation, too. "Poor Maddie went the colour of the red roses in Sophia's garden. Well, not exactly the same, because the roses had dead bits on now that her mother wasn't there to spray them any more..." As illustrated in the quote above, I love the thought processes as Sophia first embraces clichés and other people's ideas, then fits them into her own life and experience to make them unique, just like a real teenager. She's fighting to find herself and her place in life, not something someone's cut out for her. A well-deserved five stars.

I really enjoyed this book. I am not a teenager but it was so gripping once started I had to read it to the end. I loved the characters and how descriptive this author's writing is. I felt part of the book and was there with them at each chapter as it unfolded. An excellent read.
