I completed the fire tower challenge a few days ago. It was an Awesome journey! Great book, but needs to be updated.

Enjoying immensely, information is accurate thus far on our fire tower challenge!

Great for older people that remember the fire towers very informational

Decent material but a bit dated, most of the towers have now been restored in some part. Would be nice to have a revised edition.

My 10 y/o loves this book. Great background information for the Fire Towers in the Adirondacks.

Needs to be updated, but still useful. Don't rely on it completely, though. Conditions change all the

time, and towers are repaired (and pulled down.)

great book - nice descriptions - can't wait to get out and hike!

Very complete presentation of the fire tower hikes. Covered all the ones I was interested in. Just what I was looking for.
