Customer Reviews

This is basically an illustrated advertisement for the Renuka City Hotel and the places you can go from there (unfortunately, only from there - busses, etc. are to or from the Renuka). Lots of listings of places to visit, but with a photo and absolutely devoid of useful information. Maps are poor and hard to read if you oom. Do not buy this guide; get something useful, like theLonely Planet guide to Sri Lanka.

VERY LIMITED. NHas very little information beyond extra help beyond regular Sri Lanka book. Very few words on each page. Save your money. AS another reviewer stated, this book tells you to stay at a specific hotel only, and is basically an advertisement for that hotel. Waste of time and money.Worst e-book I ever paid for.

not worth it

You should definitely take a look at this cool little book if you are planning on visiting Colombo any time soon! It is well made and helps a lot in teaching about the area and places to go. I would definitely recommend.
