Customer Reviews

This map was JUST what we needed for driving around the Madrid and Extremadura areas for 8 days. Tho we also had a GPS to route us, the Michelin map, which is in English, was essential for finding points of interest, side routes, and making sure that whatever road we happened to end up on, it wouldn't deposit us in a cow pasture (or, more accurately, a mountainside olive grove.) I might mention that driving in Spain is a piece of cake, made real easy with this map.

Like the extra details showing points of interest and road types.

Nothing special.
