New Orleans (Eyewitness Travel Guides)

Synopsis

Whether you're listening to jazz on Bourbon Street or exploring Uptown by streetcar, Eyewitness Travel Guide: New Orleans will lead you straight to the best attractions the city has to offer. The guide provides insider tips every visitor needs, with comprehensive listings of the best hotels, restaurants, shops and nightlife for all budgets. Fully illustrated and covering all the major areas, from the Upper French Quarter and the CBD to Treme and the Garden District, there are 3D cutaways and floor-plans of all the must-see sites – including St Louis Cathedral, the Lower French Quarter and New Orleans Museum of Art. With all the sights and attractions listed area by area, Eyewitness Travel Guide: New Orleans explores the culture, history and architecture, not missing the best in entertainment, shopping, tours and scenic walks, in this unique and varied city.

Customer Reviews

Encyclopedic in scope, it's meant to be used before, during, and after your stay. (Travel & Leisure) Both novice and experienced travelers will be captivated. (U.S. News & World Report) Each book is a visual as well as informational feast about a particular place. (The New York Times) The best travel guides ever. (Sky Magazine) For comprehensive advice that is attractively presented, publisher Dorling Kindersley's guides for serious travelers are tough to beat. (US News & World Report) Hats off to DK for the Eyewitness Travel Guides...[they] raise the bar for all others. (Dallas Morning News) The most graphically exciting and visually pleasing series on the market. (Chicago Tribune) Eyewitness Travel Guides are marvels of writing, color photography and illustration. What makes these so special is their thoroughness. (New York Times Syndicate) This is a guidebook

series that always seems to inspire smiles...You feel, looking at them, as if you could close the book and step into the street. (Contra Costa Times) Want to know where to get a great espresso on your way to the Uffizi? Or how much to tip a hotel maid in New York City? Try these travel guides, each an intricate trove of 3-D aerial views, landmark floor plans, color photos and essential eating, shopping and entertainment info. With titles covering Paris, Prague, and London, these pocket-sized guides are like a Michelangelo fresco: deliriously rich in detail. (People Magazine) Eyewitness Travel Guides, considered to be the world's best travel resource to over 30 destinations around the world, make it easier to plan a splendid vacation. (North American Press Syndication) Each new Eyewitness Guide adds more of the world to this wonderfully visual series.... What sets these guides apart from others is their striking, three-dimensional cutaways of key sites. (New York Daily News) --This text refers to an out of print or unavailable edition of this title.

I will choose a DK book if there is one for the area where we are travelling because I like the style and know where to find things as they are designed similarly. I found all of the usual sections I expect from DK including lots of pictures. I read the sections I find interesting before my trips but then get the most benefit AFTER I return home and learn more about where I visited relaxing and remembering my holiday (this was no exception). I did not purchase another travel guide so I have nothing else for comparison, but I found this book to cover all of the major locations... it certainly covered everywhere us first time visitors wanted to see in our one week stay. As far as I could tell everything was accurate and up to date.

We recently did a 4 day short stay in New Orleans. Although focused on the French Quarter, we did make it to the Garden District. Usually, I buy several travel books, but, as the trip was short, I went with just this one. Good choice. The pictures really helped decide what we wanted to see and that we had found it when we got there. Recommendations for hotels and eating places were pretty accurate (as individual tastes and day-to-day changes effect this, I always expect some divergence from what a guide says.) However, the strength was in the sights, maps and history provided. We had a pretty good take on the French Quarter and general NO history before we went (from reading the book.) Because time was short, we were able to hit the hot spots that we wanted to see and had time left over to relax, see the few sights that were further down the list and generally enjoy the atmosphere and culture. This book was so accurate and helpful, I got two of their guides to places in Spain.

This is a wonderful travel guide that is all about New Orleans with beautiful color illustrations, photographs and maps. It gives you a plan on spending four days in Orleans. It has cutaways and floor plans of all the major sights and 3-D aerial views of Orleans most interesting districts. Listed inside is a huge selection, though not all of hotels, restaurants, shops and entertainment venues. There are there specially devised walking tours. Websites for all are included. The book is broken into areas of the city of New Orleans. Overall, this is a great tour guide to take with you on your trip to New Orleans, whether it is your first time or second. I have no hesitation in recommending this one. Only qualm I have about this guide in that no ratings are available, as found in Frommer's or Fodor's travel guides.

This book, along with every other book in the DK series, details a place where you can visit, offering rich photos and text that will make you want to visit. In the case of this book, I purchased it and it was delivered only about a week before we went to New Orleans. This guide was instrumental in planning my visit, offering me choices on things to do that would be fun, interesting and historical. If you have ever seen or purchased any of DK's book then you know they are really beautiful offering some of the most incredible color photos. I highly, wholeheartedly recommend this book for anyone who is going to New Orleans as well as anyone who wants to learn about New Orleans. It's a beautiful city that is coming back after years of difficulties after Hurricane Katrina and it is a worthwhile place to visit. They need our support out there and you won't be disappointed as there is a lot to do in one of our most historic cities.

We haven't gone on the trip yet so I cannot gauge accuracy, but I am enjoying reading the book. The photos are very good and the details/descriptions are great. I am/was fairly ignorant about NO (have never visited) so I am learning a lot with this book (and without getting bored). The maps, the street index, the reference guides... all very useful/helpful. I may update after the trip but for now I am quite happy.

Eyewitness has the very best in travel books. I love all of the details especially in reference to architecture, the history and the food. I always grab an Eyewitness and studyup when visiting a new city. Excellent narrative walking tours with this book too.

As described.

I love the Eyewitness Travel Guides and have a collection. This one was especially helpful to me because, while I feel familiar with New Orleans, we were taking friends from Australia and I wanted to have all my facts straight. I highly recommend this book for NOLA.
