Customer Reviews

Bought this for my teenage granddaughter. It's okay but there are much better books for a beginning learner. Plus, she didn't know most of the songs. I'll keep it to use myself but recommend the Daily Ukelele Fake Book for young ukelele players. It is more expensive but has modern songs that they can relate to and clearer instructions.

great book and a great bargain; good songs has tab also; this one and vol 2 could be improved by making a binding that lays flat. I took mine to Kinko's and they wire bound them so that they lay flat WOW what a difference a binding makes!!!

With my styling of playing I can usually just look up the lyrics and chords for any song and play it. I also have found most of the song choices in the Daily Ukulele to be very playable. This work is just not very interesting as far as song choices go. Also the choice of keys might be questioned. Several songs I play are much easier in other keys. What is done fairly well is the tablature for picking individual melodies. But to that I would note that the author primarily only uses the C, E, and A strings.

It's pretty good. My sister likes it better than me (we both have one), but to each her own. It is a good starter book and teaches the basics well.

Great selection of tunes in easy-to-play format.

More songs that are very old. I know some but not all of them. People over 60 may know some of these.

Great selection of old time favorites. I'll be playing these songs for many years to come.

Grandson has picked up a bit pretty quick
