Customer Reviews

Nice book, but definitely not for a beginner. Also, being a beginner, many of the chords were different than ones from other sources for chords.

love the book so many choices of songs and easy tabs. Just what I was looking for.

Most of the songs are in a very high key,

Awesome

It is just a blank book.

This book is great for beginners and more advanced ukulele players. Such a variety of songs and genres, and the range of difficulty is great. I remedied the problem of the book not staying open by going to my local office supply store and having them spiral bind it.

I really like this book... lots of lovely songs! A great selection! It could be improved if it was SPIRAL BOUND... (but I took it to Staples and got mine spiral bound... WELL worth the $4.50) and now it lays open easily on my music stand! The other way I would improve this great book would be to make the TAB a lille larger print... lol. That way I would not have to wear my reading glasses... I bought the Ukulele TAB book called, "How to Play the Ukulele for the complete Ignoramus!" And THAT book is an EXCELLENT beginner Ukulele book!!! Especially if you do not already know how to read music!!! LOVE that book!!!

This book is so difficult to use because the pages won't stay open. As a new ukulele player I do not need the extra problem of trying to read a page when the book wants to close.
