Customer Reviews

I will enjoy trying many of these recipes. Relatively simple to follow, another appealing feature is that most do not require expensive special ingredients. Some photographs and a bit of proofreading would make the book even better.

Pretty informative. Lots of great recipes

This is a good medicinal and flavor herb give it a try but go easy little at a time then tast if need more you can add a little more

It's always useful to have recipe for herbs that are medicinal as well. Anyone interested in eating for your health rather than just taking medications can use these recipes for their taste as well. Love cumin and tumeric combined in those spicy dishes some of us love.....

I just bought this book and looked at the recipes and even though there's no pictures which I always prefer if I have a cookbook, I can't wait to get into these recipes, they sounds SO delicious and very easy to make, if you want to get more tumeric in your diet, buy this book :-)
