"Professor Zinn writes with an enthusiasm rarely encountered in the leaden prose of academic history, and his text is studded with telling quotations from labor leaders, war resisters, and fugitive slaves. There are vivid descriptions of events that are usually ignored ... A reversal of perspectives, a reshuffling of heroes and villains." —Eric Foner, The New York Times Book Review

[A] brilliant and moving history of the American people from the point of view of those who have been exploited politically and economically, and whose plight has been largely omitted from most histories." —Library Journal

Renowned historian Howard Zinn was the author of numerous books, including *A People's History of the United States*, the award-winning *Declarations of Independence*, and *Failure to Quit*, as well as the memoir *You Can't Be Neutral on a Moving Train* and the play *Marx in Soho*.

An entertaining history book. I am not a history buff. My grandson had this book for his social studies class and I read a chapter while he was visiting. It was not the stuffy history books I remember from school days. I ordered it and have been enjoying a different type of history book ever since. It's a most enjoyable and thought provoking read. As a bonus, I get to carry on conversations about history with my grandson.

A very long read, but really worth it. I had to stop chapter by chapter because it's so disturbing. Highly recommended.

Excellent book and I recommend for everyone to read.

Long, but really interesting. I found that during this time in history it is especially interesting to make comparisons with how little progress we have actually made.

A must read for every American. We seem to repeat history all the time. Very sad

excellent and eye opening perspective

This should be required reading in all the high schools!

This book speaks truth to history and power. Well documented details of historical events. The author shows efforts to maintain impartiality but occasionally includes his reviews on some events, which I personally found to be rather helpful.
