Customer Reviews

Perfect. Customer service was amazing, would buy again. Edited to add: This is my son's FAVORITE book now...he is always holding this book in his hand. I am now looking at purchasing other books just like this one.

I have the animals version of this book so wasn't expecting much in terms of narrative or the "touch" items. My son loves tractors so I got it anyway. Like the animals version, the written portions could use some work but that touch portions aren't too bad. Again, the appeal was the tractor pictures and this does it. NOTE: if your child, like mine, can't be trusted with paper books, the paper spine is easily ripped so skip this one.

Great book

My son love love loves this book, this is our 3rd copy, but they are really poorly made. He is a little rough on his books, but this One doesn't hold up well. The touch and feel parts make it so the pages just fall apart. (With little boy effort) but we have many other books that are better quality and don't have the glue just pop apart.

my 1 year old son who loves tractors, loves this book. we use it at church to keep him still and quite, works!!

This book is my baby girl's favorite. When the one that was at her day care got a little old due to wear, I bought 2 - one for the day care to keep and one for home. She likes the shiny cover and all the "touch and feel" items on the pages.
