Lead Change (Show Jumping Dreams ~ Book 29)

Synopsis

A devastating accident on a prized show jumper has caused Emily to question her riding goals. In fact, she's decided that maybe she should just quit. If anything bad was to happen to Bluebird she would just die. She wants to keep him and all her other horses safe and the only way to do that is to let them live out their lives as pasture pets. Now Emily's father and the team trainer, Duncan, have the job of convincing her that she should not only ride again but that competing is the best thing for her. The next team event is coming up and if Emily doesn't ride, she'll be off the team for good. She doesn't care right now but they know eventually she will, even though she wants nothing to do with them. Instead Emily throws herself into helping Faith find a new pony. Macaroni has found a home up north just before the hot weather arrives in Florida and Faith needs a replacement. But the pony that Faith falls in love with is scruffy and untrained and if Faith is going to ride him, she'll need more than help. She'll need a miracle. And so will Emily, if she's ever going to ride again.

Customer Reviews

LEAD CHANGE is a nice, clean horse story about real kids in real situations. I would recommend it to boys and girls who are already riders or just wish they were. I enjoyed it myself and would have enjoyed it as a kid; I look forward to other books in the series as a pleasant diversion.

I'm enjoying Ms. Svendsen's Show Jumping Dreams series. While they would certainly appeal to tweens&teens, as an older woman I'm enjoying them! Maybe I'm reliving my early years of my horses&showing. I also haven't seen one faux pas of the details about horses & showing! (Sadly there are many books about horses where the author is clueless to horses and showing!) Anyone who loves horses will enjoy these books!

Love this series. Even as a young adult they are a good read. Great for many ages to read!!!

I love this series. Each one is good

Good reading.

Great read

The mare that Walter had Emily ride during the show crumpled beneath her, spilling Emily and breaking the horse's foot. The horse, Grace, has been kept overnight in the clinic to be evaluated the next day. What will the verdict be? Will she be put down or will they be able save her? If Grace cannot be saved, will Emily make a choice that changes her life forever? Jordan's help around Second Chance was turning out to be invaluable. They did not know what they would do without him... Emily is becoming even more suspicious that Walter is drugging horses... Emily's father tries to convince her that what happened with Grace was an accident. It was not her fault... But he did not know about the drugs or the suspicious blood she found on Lucky's neck or Judy's warning... Emily tells her father, "I think I want to quit" ... Has Emily lost her nerve? Faith asks Emily for her help with a very important task... Emily wonders where Cat is getting a lot of new stuff including expensive "horse stuff"...Emily has not ridden since the accident with Grace. She has to attend a group lesson with the rest of the Junior Olympics team and Duncan. Will she be able to ride? What will happen if she cannot? Will she lose her place on the team? Someone's bad behaviour catches up to them in a big way... This book ended with an awesome cliffhanger and I am off to read Two

ok so its a great series and all but here's the big but. Have you ever noticed that Emily is obsessed with winning? She never does anything for fun and its all win win win. The only reason she loves her pony is because he always wins. and in one book missy says 'are you a girl who rides for fun? for the love of her pony?' and emilys like no! plus theres a lot of typos and missing ?s. theyre also really short i read them in 1/2 hours. btw this review is about he series not this particular book. so i like this series a lot but its not the best.
