The Loner

Synopsis

Revenge isn't always sweet. Five years ago, Clint Branch's wife and son were murdered and he's been on the vengeance trail ever since. In his thirst for revenge, he hunted not just their killers but every killer who had a price on his head. It's not long before his way of life sickens him, but when he tries to start afresh and leave his way of life behind him, he realises that it's already too late. Everywhere he went he was known as the bounty hunter with badmen slinging lead his way and whole communities questioning his motives and character. In an attempt to escape this judgement, Clint tries to lose himself in the vast hinterland of the West, and eventually arrives at the Arrowhead ranch in Kansas. It was there that he realised that he was not the only one to suffer from the violence of the times. There's a woman and a boy who need a man, and Branch himself has two aching voids in his wearied heart. He can only hope that things will work out for once as he fights big odds with impassive courage and a fast gun. Or will his quest for justice ultimately cost him his life? Either way Branch is hell-bent on a quest that will send him into legend either as a hero, or The Loner... Praise for Clinton Spurr: "A classic gun-toting adventure that will transport you straight back to the old west." — bestselling author Tom Casey Clinton Spurr (1928), is one of fifty pseudonyms for British author, Donald S. Rowland, who was born in Norfolk, England. Rowland is married with three children, and previously had a variety of jobs, including film projectionist and Senior Clerk and Local Government Officer. It was only in 1964 that he dedicated his time to writing full-time and has since written a variety of novels, from science-fiction to westerns.

Clint Branch has been on the trail of Bart Bailey for two weeks & now it's come down to who will win & who will loose. Remembering back Clint realizes that two killers were the beginning of his life as a bounty hunter. Clint had a small ranch around Sonata & had rode into town for supplies. He arrives back home to find his wife & son murdered & his home burned to the ground. Blinded by revenge Clint tracks down the two killers & extracts his form of justice starting a new trail of a bounty hunter. That was five years ago & now along the New Mexico border Clint has been wounded & suffering from fever, barely able to stay on his horse. He will find a new unexpected direction in his life. This is a heart-warming story that will hold your interest throughout. Cleanly written with wonderful supporting characters. I highly recommend.

I have really enjoyed reading this book. Clint was on a revenge killing spree all really bad men. Because of the loss of his family. I was glad to read he finally found some peace from his demons. Look forward to some more of these stories by Clinton Spurr.

I remembered reading this story in school when I was young. Now that I homeschool my children, I wanted to share this story with my kids as well. A wonderful story.

Bought this for my son. It was suggested reading for his Language Arts class. He loved it.

Good read

enjoyable light reading

I loved this book! It has action, introspection, and wonderful descriptions throughout. To follow the

main character from the beginning of the story when he doesn't even have a name, to the end and throughout all his adventures is a terrific experience for the reader.

This book is out of print, so I was excited to get a used library copy. I have read it so many times, but still look forward to it.
