Customer Reviews

I was intrigued by the cover of this book. This isn't just a book of mermaid and fairies, it's got dragons and a Phoenix and more. The pages are thicker and have more tooth than copy paper but aren't as thick as some papers. The pages work great with pencils and most markers. Be sure to use a blotter page underneath. I used water color pencils with a water brush on one page and the page curled up quite a bit. I flattened the page with a heavy book and let it dry overnight. It came out really well. Some images are easier to color and some are a bit more detailed. Kids could color in this one. My husband has even started his own page. I would recommend this one. Try it out!!

My 8 year old Granddaughter loves it because it has mermaids and fairies!
