Customer Reviews

This is the first coloring book I have based on Little Red Riding Hood. It covers the story from beginning to end (though leaving out the most frightening scenes.) I like that the artist used some discretion and substituted in pepper and sneezing for how Grandma gets back out. I also like that

the wolf seems so mild at first (very friendly looking) and his wolf demeanor changes when he gets to Grandmas. It will be a lot of fun to color in this book. I especially like getting two copies of each design in this book (25 different designs but two copies each) as I can share with my grandchildren when they are ready to color something this detailed. The designs are quite detailed and some of them contain what I consider intricate and small elements to color. I found that my ultra-fine points, brush points and small nib gel pens worked well as did my colored pencils when sharpened to fine points. Crayons would be much more difficult to work with unless you can sharpen them to a small point. While you can have access to .PDFs when you purchase this book, my review is based on the book as it is received from . That way you will know what the pages look like and how they accept color. I like that the publisher provides the digital version as well so you can choose the paper you wish to use and/or to color the pictures as many times as you choose. This is what I found while coloring in this book and testing the paper with my coloring medium: 25 x 2 each " Little Red Riding Hood inspired Designs Paper is typical of CreateSpace: white, thin, slightly rough and non-perforated. The back of the page is printed black. The designs do not merge into the binding. There is a heavy framing line at the outer edges of the design to give the project a more finished look, especially for framing. There is a slight shadowing effect to the framing line which gives the image an almost 3D effect. Glue Binding (there is room to cut the pages out if you choose to do so.) Though you cannot see the bleed-through easily due to the back of the page being printed in black, I recommend the use of a blotter page when working in this book. I use a page of card stock or several sheets of heavyweight paper under my working page. It keeps seeping ink and marring dents from ruining the pages below. Alcohol-based markers bleed through the page quickly. Water-based markers bleed through in spots. Gel pens and India ink pens leave shadows on back of the page. India ink can bleed through if you apply heavily or multiple coats. Coloring Pencils work well with this paper. I found that I could layer the same color for deeper pigment or multiple colors and I could blend easily using a blending stick. I tested both oil and wax based pencils. I also found that hard lead pencils leave dents through the paper.

What a wonderful Tale in this Coloring Book from Jade Summer. The images are detailed and fun. You will travel right along to Grandma's house with Little Red Riding Hood. Be careful for the Wolf !!!! Two of each image in every book. Single Sided pages. You know we love that. You can color with a friend, family or do two different versions. I recommend this for anyone wanting to color. Great price, grab one for a gift. PERFECT !!

Jade brings her beautiful illustration out once again in this new adult coloring book I just got about Little Red Riding Hood. It tells the story page to page of Little Red Riding Hood. You will enjoy working with this book starting on the first page and as you continue you will feel like you are right there with Red as she meets the wolf, greets Grandma and fights off the wolf who is pretending to be Grandma towards the end.

Another beautiful book by Jade. This book took me back to my childhood when my aunt would read Little Red Riding Hood. Pictures are beautiful. She really brings the story out in this book I have Guly recommend this book!! It's a must have!!

I have been buying every Jade Summer coloring book I can. Wonderful art work. You get two copies of every picture and a free PDF download. The pictures are one sided with a black back page to her with bleed through.

This coloring book will bring you back to childhood as you color all the pages. The designs are very well drawn and each page reminds you of the story that you read when you were a child. I loved coloring the pages I have done in this book. All of Jade Summer's book are very well put together with high quality paper and bound nicely and come with a free pdf download if you want to color the pages more than once.

When was the last time you colored? If you don't remember then its time to order this coloring book. Take a track back in to your childhood, relax, color and remember what it was like the first time you read Little Red Riding Hood...Now make this coloring book yours, color her cape pink, or green, make the wolf Yellow with green nails. Just enjoy taking time to relax.

This is my 2nd Jade Summers book and I really am enjoying it! The detail is excellent, & I love the fact with each book you buy, you get a free PDF with it so you can use your own paper. I wish more coloring books offered that feature but that just means I will be getting more Jade Summers books!
