Aaron Frankel has been creating Groovy maps and guides for almost 20 years! He started off as a designer and intrepid traveler and became inspired with the notion of offering other people inside tips on where to go and what to do in all of his favorite cities in SE Asia. The Bangkok guide is now in its 19th edition and still our best-selling city guide for those who want to be in the know. Aaron was raised right here in the Big Mango and loves to find new stuff all of the time. As well as going back to those old tried and true faves which are still around for a good reason. Get Groovy and start your adventure!

This map is great. Has already helped me a lot finding places I am curious to see and the lay out for the MRT and BTS are good to have. Laminated and should withstand the abuse of travels.

Helpful information for the central parts of Bangkok--the parts that tourists would normally see.

Helpful information about tourist spots. Laminated for durability.
