My granddaughter is learning to play the Ukulele and I definitely think this will help.

Bought for my granddaughter.

Kid's Uke - Ukulele Activity Fun Book: Kev's Learn & Play SeriesGet the paperback. It teaches with coloring pages, and words, and there's a drawing of a cow with a flower in her mouth to learn the names of the strings: GCEA Good Cows Eat A lot, and drawings of a child's hand to show finger position, flash cards you can cut out, ukulele word search with pictures of dinosaurs, cross word puzzle, fill in the blanks, as well as the answer sheet for all the puzzles in this pre-school through elementary school level ukulele book. Happy ukeing!

Great book! I bought this for a friends daughter who is just starting to play. She's older than the

recommended age but she loved it and has been playing constantly since she got the book. The information is clear and easy to follow. I would have enjoyed a book like this when my children were smaller, I think it would be fun for parents and children to use together, or for home schooling. And there's coloring!

Great children's book!!! I gave it to my granddaughter, and she absolutely loves it! She received a ukulele for Christmas and lost interest almost immediately. This book has awakened a love for music and for her ukulele. It's a workbook so she has a lot of fun using it as she continues to progress. I give it my highest recommendation!

Wow! What an intelligent, creative, fun, fun, fun book of entertaining lessons! The ultimate in talent passing on talent through fun creativity!

This was for my Grand daughter that is going on 4 years old.

Kev is a special one of kind teacher. He engages the student in every fun, dynamic way. A true ukulele treasure. do not miss out on this book.
