Edyta Sitar is proud to carry on a family tradition that fabric and threads have stitched together through the generations. Her true love of quilting shines through as she travels the world sharing her passion, connecting to and inspiring quilters of all skill levels with stimulating stories about the quilts she makes. As the owner and co-founder of Laundry Basket Quilts, her work has been published in books and magazines worldwide. Edyta resides in Marshall Michigan with her husband and children. There she creates her beautiful, award-winning quilts and patterns and her splendid fabric designs for MODA. Her best-selling books include Hop To It!, Friendship Triangles, Friendship Strips & Scraps, Scrappy Firework Quilts, Seasonal Silhouettes and Rainbow Nest.

What a disappointment. The book consists of 32 pages, 8 of which are basic instructions for beginners, and the rest are really very, very simple projects, you don't have to buy a book to do them. In fact the umbrella project is on u-tube, so nothing new here. I was hoping to find projects with birds and branches and fruit and leaves, but no, this was not to be. It only discusses raw edge applique, would have liked something on turn over applique. I live overseas and if it weren't for that, I would return it. I admire Edyta and have enjoyed her tutorials, and her Friendship Strips and Scarps book, but this is not up to standard, at least I was expecting much more.

This book is only 32 pages. The content is really not worth the money.

a great book! thank you
