The Netanyahu Years: Translated By Ora Cummings

Synopsis

A portrait of the current Israeli prime minister, one of Israel's more noticeable leaders in recent decades. Benjamin Netanyahu is currently serving his fourth term in office as prime minister of Israel, the longest serving prime minister in the country's history. Now Israeli journalist Ben Caspit puts Netanyahu's life under a magnifying glass, focusing on his last two terms in office. Caspit covers a wide swath of topics, including Netanyahu's policies, his political struggles, and his fight against the Iranian nuclear program, and zeroes in on Netanyahu's love/hate relationships with the American administration and America's Jews and his alliances with American business magnates. A timely and important book, *The Netanyahu Years* is a primer for anyone looking to understand this world leader.

PM Sharon Destroyed Gush Qatif, PM Barak Betrayed the South Lebanon, PM Olmert Got Himself JailedA new kid on the block has shown up with his book about Benjamin (Bibi) Netanyahu. The jacket is "adorned" by the unfavorable picture of Bibi showing only the half of his presumably asymmetric face dastardly caught in its unsympathetic contortion. The author Ben Caspit wrote his execrable pieces for the Maariv newspaper; he knew his anti-Likud writings will be welcomed by his Anglo-Saxon masters who are still planning to keep Jews according to their Nordic vision manifested well by the sculpture of Judea on the Notre Dame Cathedral in the Germanic (Franconian) city of Paris. The subservient Binyamin (Ben) Caspit ends his volume with the

"prophetic" words that the current Israeli Prime Minister will finish his tenure "leaving nothing." On the contrary, the Maariv journalist learned well how to leave something, namely his beautifully printed volume full of animosity to the majority of Israeli Jews who elected their representatives not to Ben's liking. Ben Caspit also has received his thirty pieces of silver in hard currency. The betrayal pays and pays handsomely. He got a lot of predecessors preying on Israel. We know well that Mr. Netanyahu tried hard to keep the territorial integrity of the predominantly Jewish State and to keep its citizens from harm. Israel and Filasteen (Ramallah, Gaza and Amman) enjoy peace and prosperity and Bibi helped to bring stability using his application to install the Chinese way of status quo which is welcomed by the Jewish minorities in Israel and many Christians and Muslims. Arabs love to settle in Israel which is a happy place to live. Mr. Caspit does not understand that Israel in its Americanized form and shape is not just surrounded by the authoritarian regimes. The Palestinian State of Israel is being bathed in the Levantine music. Thus, both the Israeli music and the Israeli republic are being fashioned under a heavy influence of its inner and outer Arabs, Persians and Turks. The Middle East Christians have been already overwhelmingly Islamized. 9 million people speak Hebrew but only 2-3 million of them are Ashkenazi Jews (like Ben Caspit), many of whom (the self appointed elite) got the overwhelming need to be noticed and approved by the rich Neocarthagian masters of European Union, Britain, Norway, Australia, New Zealand, Canada and the United States. The British Broadcasting Service will inevitably praise this prejudicial book. The BBC Witness Programme, haibunearly morning: one and only mosquitowith its butterfly flits On August 8, 2017 the BBC aired its Witness program devoted to the well known Arab cartoonist born in Galilee and gunned down in London allegedly by his countryman or fellow Arab. In between these auspicious events the talented cartoonist lived in Lebanon, Kuwait and other Arabic speaking places. At some point the cartoonist became the anti-Arafat messenger after he felt that the Arab liberation leader started to betray the cause of hundreds of thousands of more or less hostile Palestinian Arabs displaced in the Jewish national liberation war between the State of Israel and the Palestinian Kingdom of Transjordan (Eastern Palestine, or Moab with the capital of Amman). Transjordanian troops crossed the border and did occupy Judea and Samaria pushing Palestinian Jews out. The allies of the Palestinian King, or Emir Abdullah in Syria, Egypt and Lebanon also conquered the swathes of Western Palestine and disallowed the Jewish presence there. Nevertheless, the Arabs who showed their acceptance of Israel were allowed to stay and/or return to the territory defended by Israel. The embittered cartoonist witnessed the civil war in Lebanon and the Israelis trying to take sides there, to outmaneuver its sworn enemies and bring the lasting peace to its northern border and the entire Galilee and Golan. Yet in its broadcast, the BBC pronounced in

one breath the *“Israeli invasion of Lebanon and the massacres in Sabra and Shatilla.”* Thus, the BBC journalists and editors masterfully created the impression that the Israeli army perpetrated the killings. However, the carnage in the Sunni Muslim townships of Sabra and Shatilla was done by the native speakers of Arabic, by the Maronite Christians, not Jews. Congratulations to the BBC on its more than perfect distortion of facts and its unwavering anti-Israelism!

Ben Caspit is clearly a left wing liberal, and he doesn't try and hide it at all in writing this book. It is a partisan hack job with no semblance of objectivity. I'm only about half way through and can't go any further. Just a total waste of time, and I would not recommend this book to anyone.

Fascinating! Seems to be fairly balanced although not too complementary.
