Mouse Is Small

Synopsis

From a master of board books for the very young comes a simple and simply delightful take on the concept of size. Mouse is small, to be sure. And Tortoise is big (relatively speaking). But Pelican is bigger than Tortoise, and Zebra is bigger still. In an engaging, interactive novelty board book, Mary Murphy turns her bold, high-contrast illustrations â perfect for visual stimulation â to a first look at size relationships. Babies will be happy to lift the graduated shaped pages to see a series of animals that get increasingly bigger â and learn which creature causes the biggest reaction of all!

Customer Reviews

Murphy outlines the animals in thick, smudgy ink, and paints the creatures and the backgrounds in bright, eye-catching colors. A nifty introduction to animals and their sizesâand itâs prompt giggles, too.âPublishers Weekly
